

Date: Now and Forever

Dear HOLY MAN,

The staff is of a living Tree, of its Nation. The fur is of the living Buffalo Nations. The feathers are of the living Condor and Eagle Nations, the metal is of the Minerals, same as in our bodies, and the symbol for water is of the Hopi Nation. The Song of the staff is the hooves of the White Tail Deer, we call the Creators clothing. Upon the base of the staff is the earth, from all over our Mother Earth. The sweated hand prints are of those who would sacrifice, work, sing, sweat, laugh, cry, pray and walk for the future. Those who love this life, formed the staff.

The staff carries our dreams, and our common visions of life. Clean water is a birthright. Water needs clean air to travel on, also a birthright. We believe the Creator made life...all things made by the Creator are alive...all life needs water.

We are asking you, as a world leader, to carry this staff of leadership. Focus your people, especially those in industry, to clean the water. Work with all religious leaders to clean and protect the drinking water. Not for profit, for life. Accepting the staff in this way unites all Life.

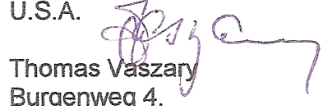

The Staff acknowledges those who came before us, those who are here now, and most important, those yet to come! We must not condemn our future generations before they are born.

Now, We have the Good Mind; Our Minds are One.
We are One Heart and One Voice:

Signed the 10th day of June 2007
San Pietro Square, Vatican City, Italy
